

# DEMO

- <https://github.com/mrgleam/sec-unit-tests-example>
- Javascript(Vue.js) + Golang

The image displays two browser screenshots. The top screenshot shows a login page at 'localhost:1323/login....' with fields for 'E-Mail Address' and 'Password', and a 'Login' button. The bottom screenshot shows a 'My Tasks' page at 'localhost:1323/i...' with a list of tasks: 'Hello my tasks' and 'Create example page for authentication', each with a delete icon. At the bottom, there is a 'New Task' input field and a 'Create' button.

localhost:1323/login....
